

2nd Quarter Aviation Award Nominations Due July 15th

The 2003 2nd Quarter Aviation Award Nominations are due 15 JULY 2003. There are 3 possible awards to strive to achieve:

Please submit either/or:

- a. Your office nomination for the SR Aviation Services Excellence Award Trophy.
- b. The ASB National Team award (a 2 to 7 member team)*
- c. The ASB National Individual Aviation Award.

Nomination Notes: IMPACT QUOTES MAKE DIFFERENCE: 1st quarter ASB team and individual recipients had 'impact' quotes by users in their nomination package. Seek those customer comments for your nomination package also.

Please consider submitting a nomination(s). Nomination instructions are available at the SR Aviation Web Page: <http://www.srh.noaa.gov/ftpoot/sram/aviation.htm>. SR team recipients received 3 out of a possible 5 ASB national team awards last year. That included the 2002 national ASB annual team recipient - our very own NWS office at the FAA Academy.

The current holder of the 2nd Quarter SR Team Trophy is CWSU Fort Worth. Will they be a repeat champion and keep the valued cup for another year? Will some other office be able to inscribe their name the 2nd Quarter SR Trophy and be its steward for a year? Please consider submitting a nomination(s).

* Special Note: In most cases your SR Office Award nomination can be massaged into the ASB team nomination. All that is necessary is to identify the 2 to 7 key staff members that propelled your program to excellence.
